THEN AN SMS LIKE THIS

VERIQ: Near Dansoman, NHIS, antenatal
1) AKOMA MISSION HOSP, Kaneshie 1.8km. NHIS YES (hosp. confirmed 18 Oct). Clinic till 4pm. Scan top-up ~GHS80.
2) LAKESIDE FAMILY CLINIC 2.6km. NHIS YES (14 patients).
Reply R1 to report a refusal.

ⓘ Code not yet registered. A short code comes through a USSD aggregator after the pilot.

Emergency? Call 112

Every badge tells you who said so, and when.

We never just copy a list. Strongest first:

1 **Hospital confirmed**
Their verified front desk confirmed it in the last 14 days.

2 **Patients confirmed**
At least 3 patients said it worked in the last 30 days, and more said yes than no.

3 **On a list, not checked**
Only the NHIA or insurer list says so. Call first.

! **Reported refused**
3 or more patients were turned away since the hospital last confirmed. This beats any list.

Today's status ages too

Under 24 hours: shown normally. 1 to 3 days: marked "may have changed". Older: greyed out until the hospital checks in.

Hospitals can't pay to change a badge. Paid partners get tools and reports, never a better rating.

veriq for hospitals

Claim your hospital's page

Step 2 of 3 · Services and cards

What do you offer?

Antenatal · Delivery · C-section · Emergency unit · Ultrasound · CT scan · Lab · Dialysis · + Other

Which cards do you accept?

NHIS	All services · top-up on scans
Cosmopolitan Health	All services
+ Add insurer	14 more

Who does the morning check?

Front desk · 024 000 0000

They get an SMS reminder at 7:30 am. No new login to remember.

We call your front desk to verify before the "hospital confirmed" badge appears. Free for public and mission hospitals.
